DESCRIPTION OF THE SECURITIES

Common Stock

Our articles of incorporation authorize the issuance of 95,000,000 shares of common stock, \$0.001 par value per share, of which 51,058,976 shares were outstanding as of July 13, 2010. Holders of common stock have no cumulative voting rights. Holders of shares of common stock are entitled to share ratably in dividends, if any, as may be declared, from time to time by the board of directors in its discretion, from funds legally available to be distributed. In the event of a liquidation, dissolution or winding up of the Company, the holders of shares of common stock are entitled to share pro rata all assets remaining after payment in full of all liabilities. Holders of common stock have no preemptive rights to purchase our common stock. There are no conversion rights or redemption or sinking fund provisions with respect to the common stock. All of the outstanding shares of common stock are validly issued, fully paid and non-assessable.

Preferred Stock

Our articles of incorporation authorize the issuance of 5,000,000 shares of preferred stock, \$0.001 par value per share, of which no shares were outstanding as of July 13, 2010. The shares of preferred stock will be issuable from time to time in one or more series, as determined by our Board of Directors and the Board of Directors will have the authority to determine and fix the number of shares, voting rights, designations, powers, preferences and other rights and restrictions of one or more series of preferred stock.

Securities Convertible into Common Stock

As of July 13, 2010, we had outstanding warrants to purchase 300,000 shares of common stock at \$5.00 per share issued to CIT Group/Equity Investments, Inc., and outstanding options to purchase an aggregate of 300,000 shares of common stock at \$5.18 per share issued to members of our board of directors pursuant to our stock option plan. The outstanding warrant is exercisable at any time up to and including February 27, 2012 and each of the options issued to our directors is exercisable at any time up to and including November 1, 2017. We do not otherwise have outstanding any warrants, preferred stock or other securities convertible into shares of our common stock.

PLAN OF DISTRIBUTION

The selling stockholder and any of their pledgees, donees, transferees, assignees and successors-in-interest may, from time to time, sell any or all of their shares of common stock on any stock exchange, market or trading facility on which the shares are traded or in private transactions. These sales may be at fixed or negotiated prices. The selling stockholder may use any one or more of the following methods when selling shares:

- ordinary brokerage transactions and transactions in which the broker-dealer solicits investors;
- block trades in which the broker-dealer will attempt to sell the shares as agent but may position and resell a portion of the block as principal to facilitate the transaction;
- purchases by a broker-dealer as principal and resale by the broker-dealer for its account;
- an exchange distribution (on the NYSE Amex Equities Market or other exchange on which our shares may be listed from time-to-time) in accordance with the rules of the applicable exchange;
- privately negotiated transactions;
- to cover short sales made after the date that this registration statement is declared effective by the Securities and Exchange Commission;
- broker-dealers may agree with the selling stockholder to sell a specified number of such shares at a stipulated price per share;
- a combination of any such methods of sale; and
- any other method permitted pursuant to applicable law.

The selling stockholder may also sell shares under Rule 144 under the Securities Act, if available, rather than under this prospectus supplement.

Broker-dealers engaged by the selling stockholder may arrange for other broker-dealers to participate in sales. Broker-dealers may receive commissions or discounts from the selling stockholder (or, if any broker-dealer acts as agent for the purchaser of shares, from the purchaser) in amounts to be negotiated. The selling stockholder does not expect these commissions and discounts to exceed what is customary in the types of transactions involved.

The selling stockholder may from time to time pledge or grant a security interest in some or all of the shares of common stock owned by it and, if it defaults in the performance of its secured obligations, the pledgees or secured parties may offer and sell shares of common stock from time to time under this prospectus supplement, or under an amendment hereto amending the list of the selling stockholder to include the pledgee, transferee or other successors in interest as selling stockholders under this prospectus supplement.

Upon the selling stockholder's notification of the Company that any material arrangement has been entered into with a broker-dealer for the sale of such stockholder's common stock through a block trade, special offering, exchange distribution or secondary distribution or a purchase by a broker or dealer, a supplement to this prospectus supplement will be filed, if required, pursuant to Rule 424(b) under the Securities Act.

The selling stockholder also may transfer the shares of common stock in other circumstances, in which case the transferees, pledgees or other successors in interest will be the selling beneficial owners for purposes of this prospectus supplement.

The selling stockholder and any broker-dealers or agents that are involved in selling the shares may be deemed to be "underwriters" within the meaning of the Securities Act, in connection with such sales. In such event, any commissions received by such broker-dealers or agents and any profit on the resale of the shares purchased by them may be deemed to be underwriting commissions or discounts under the Securities Act. Discounts, concessions, commissions and similar selling expenses, if any, that can be attributed to the sale of securities will be paid by the selling stockholder and/or the purchasers. The selling stockholder acquired the securities that are the subject of this prospectus supplement in the ordinary course of business and at the time of such purchase had no agreements or understandings, directly or indirectly, with any party to distribute such securities.

If the selling stockholder uses this prospectus supplement and the accompanying prospectus for any sale of the common stock, it will be subject to the prospectus delivery requirements of the Securities Act. The selling stockholder will be responsible to comply with the applicable provisions of the Securities Act and the Securities Exchange Act, and the rules and regulations thereunder promulgated, including, without limitation, Regulation M, as applicable to such selling stockholder in connection with resales of their respective shares under this registration statement.

In order to comply with the securities laws of certain states, if applicable, the shares must be sold in such jurisdiction only through registered or licensed brokers or dealers. In addition, in certain states the shares may not be sold unless they have been registered or qualified for sale in the applicable state or an exemption from the registration or qualification requirements is available and is complied with.

We will make copies of this prospectus supplement and the accompanying prospectus available to the selling stockholder, and we have informed the selling stockholder of the need to deliver copies of this prospectus supplement and the accompanying prospectus to purchasers at or prior to the time of any sale of the shares offered hereby.

We may suspend the use of this prospectus supplement and the accompanying prospectus, in the event that there is a material, or potentially material, development involving the Company, or there is an occurrence of an event that renders the information in this prospectus misleading, incomplete or untrue.

SPECIAL NOTE REGARDING FORWARD-LOOKING STATEMENTS

We are including the following discussion to inform our existing and potential security holders generally of some of the risks and uncertainties that can affect us and to take advantage of the “safe harbor” protection for forward-looking statements that applicable federal securities law affords.

From time to time, our management or persons acting on our behalf may make forward-looking statements to inform existing and potential security holders about our company. All statements other than statements of historical facts included in this prospectus and any accompanying prospectus supplement, including the documents incorporated herein by reference, regarding our financial position, business strategy, plans and objectives of management for future operations, industry conditions, and indebtedness covenant compliance are forward-looking statements. Forward-looking statements are generally accompanied by terms or phrases such as “estimate,” “project,” “predict,” “believe,” “expect,” “anticipate,” “target,” “plan,” “intend,” “seek,” “goal,” “will,” “should,” “may” or other words and similar expressions that convey the uncertainty of future events or outcomes. Items contemplating or making assumptions about, actual or potential future sales, market size, collaborations, and trends or operating results also constitute such forward-looking statements.

Forward-looking statements involve inherent risks and uncertainties, and important factors (many of which are beyond our control) that could cause actual results to differ materially from those set forth in the forward-looking statements, including the following: general economic or industry conditions, nationally and/or in the communities in which we conduct business, changes in commodities prices or the interest rate environment, legislation or regulatory requirements, conditions of the securities markets, our ability to raise capital, changes in accounting principles, policies or guidelines, financial or political instability, acts of war or terrorism, and other economic, competitive, governmental, regulatory and technical factors affecting our operations, products, services and prices.

We have based these forward-looking statements on our current expectations and assumptions about future events. While our management considers these expectations and assumptions to be reasonable, they are inherently subject to significant business, economic, competitive, regulatory and other risks, contingencies and uncertainties, most of which are difficult to predict and many of which are beyond our control. Accordingly, results actually achieved may differ materially from expected results in these statements. Forward-looking statements speak only as of the date they are made. You should consider carefully the statements in the "Risk Factors" section and other sections of this prospectus and any accompanying prospectus supplement, including the documents incorporated herein by reference, which describe factors that could cause our actual results to differ from those set forth in the forward-looking statements. We do not undertake, and specifically disclaim, any obligation to update any forward-looking statements to reflect events or circumstances occurring after the date of such statements.

Readers are urged not to place undue reliance on these forward-looking statements, which speak only as of the date they are made. We assume no obligation to update any forward-looking statements in order to reflect any event or circumstance that may arise after the date of this prospectus, other than as may be required by applicable law or regulation. Readers are urged to carefully review and consider the various disclosures made by us in our reports filed with the SEC which attempt to advise interested parties of the risks and factors that may affect our business, financial condition, results of operation and cash flows. If one or more of these risks or uncertainties materialize, or if the underlying assumptions prove incorrect, our actual results may vary materially from those expected or projected.

THE COMPANY

We are a growth-oriented independent energy company engaged in the acquisition, exploration, exploitation and development of oil and natural gas properties, and have focused our activities primarily on projects based in the Rocky Mountain Region of the United States, specifically the Bakken and Three Forks/Sanish formations within the Williston Basin. We believe that we are able to create value via strategic acreage acquisitions and convert that value or portion thereof into production by utilizing experienced industry partners specializing in the specific areas of interest. We have targeted specific prospects and began drilling for oil in the Williston Basin region in the fourth fiscal quarter of 2007. As of March 1, 2010, we owned working interests in 188 successful discoveries, consisting of 185 targeting the Bakken/Three Forks formation and three targeting a Red River structure.

As an exploration company, our business strategy is to identify and exploit repeatable and scalable resource plays that can be quickly developed and at low costs. We also intend to take advantage of our expertise in aggressive land acquisition to pursue exploration and development projects as a non-operating working interest partner, participating in drilling activities primarily on a heads-up basis proportionate to our working interest. Our business does not depend upon any intellectual property, licenses or other proprietary property unique to our company, but instead revolves around our ability to acquire mineral rights and participate in drilling activities by virtue of our ownership of such rights and through the relationships we have developed with our operating partners. We believe our competitive advantage lies in our ability to acquire property, specifically in the Williston Basin, in a nimble and efficient fashion.

We are focused on maintaining a low overhead structure. We believe we are in a position to most efficiently exploit and identify high production oil and gas properties due to our unique non-operator model through which we are able to diversify our risk and participate in the evolution of technology by the collective expertise of those operators with which we partner. We intend to continue to carefully pursue the acquisition of properties that fit our profile.

Our executive offices are located at 315 Manitoba Avenue, Suite 200, Wayzata, Minnesota 55391. Our general telephone number is (952) 476-9800.

USE OF PROCEEDS

Unless otherwise specified in a prospectus supplement accompanying this prospectus, the net proceeds from the sale by us of the securities to which this prospectus relates will be used for general corporate purposes. General corporate purposes may include, without limitation, acquisitions, additions to working capital, capital expenditures, and repayment of debt. Net proceeds may be temporarily invested prior to use. We will not receive any proceeds from the sale of common stock by any selling stockholder.

RATIO OF EARNINGS TO FIXED CHARGES

Set forth below is our ratio of earnings to fixed charges for each of the periods presented.

Fiscal Year Ended December 31,					Three Months Ended March 31,
2005	2006	2007	2008	2009	2010
–	–	– ⁽¹⁾	– ⁽¹⁾	4.36x	15.19x

⁽¹⁾ The Company had no fixed charges for the years ended December 31, 2007 and 2008.

The ratio of earnings to fixed charges is calculated as follows:

$$\frac{\text{(earnings)}}{\text{(fixed charges)}}$$

For purposes of calculating the ratios, earnings consist of:

- pre-tax income from continuing operations before adjustment for income or loss from equity investees;
- fixed charges;
- amortization of capitalized interest;
- distributed income of equity investees;
- our share of pre-tax losses of equity investees for which charges arising from guarantees are included in fixed charges;
- minus capitalized interest;
- minus preference security dividend requirements of consolidated subsidiaries; and
- minus the noncontrolling interest in pre-tax income of subsidiaries that have not incurred fixed charges.

For purposes of calculating the ratios, fixed charges consist of:

- interest expensed and capitalized;
- amortized premiums, discounts and capitalized expenses related to indebtedness;
- an estimate of the interest portion of rental expense; and
- preference security dividend requirements of consolidated subsidiaries.

DESCRIPTION OF THE SECURITIES

We may issue from time to time, in one or more offerings, the following securities:

- shares of common stock;
- shares of preferred stock;
- depositary shares;
- debt securities, which may be senior or subordinated;
- warrants;
- stock purchase contracts; or
- stock purchase units.

In addition, selling stockholders to be named in a prospectus supplement may use this prospectus to offer and sell shares of our common stock.

We will set forth in the applicable prospectus supplement a description of the common stock, preferred stock, depositary shares, senior or subordinated debt securities, warrants, stock purchase contracts or stock purchase units that may be offered under this prospectus. The terms of the offering of securities, including the names of and other information relating to the selling stockholders, if applicable, and the net proceeds to us will be contained in the prospectus supplement, and other offering material, relating to such offering.

PLAN OF DISTRIBUTION

We may sell the offered securities and selling stockholders may sell common stock (a) through agents; (b) through underwriters or dealers; (c) directly to one or more purchasers; (d) through a combination of any of these methods of sale; or (e) as otherwise described in the applicable prospectus supplement. We will identify the specific plan of distribution, including any underwriters, dealers, agents or direct purchasers and their compensation in a prospectus supplement.

Any of the shares of common stock held by selling stockholders that qualify for sale pursuant to Rule 144 under the Securities Act may be sold under Rule 144 rather than pursuant to this prospectus. In addition, this prospectus may be used by broker-dealers to resell any such shares of common stock that are being sold by a selling stockholder pursuant to Rule 144. If any selling stockholder sells pursuant to Rule 144, such selling stockholder will not be deemed to be an "underwriter" under the Securities Act with respect to those sales.

LEGAL MATTERS

The validity of the securities and certain other matters will be passed upon for us by Faegre & Benson LLP, Minneapolis, Minnesota.
